K. P.'S WILL HOLD FAIR HERE THIS YEAR

Local Lodge To Give Lincoln County An Old-Fashioned Country Fair Again—Site Chosen

Stanford will have a fair this fall. This has been positively decided upon by the local lodge of the Knights of Pythias. The grounds have been leased from Ed. Ballard, about a mile from the city on the Lancaster pike—an admirable site—and a committee is now at work selecting dates and making other arrangements. It is planned to choose dates which will not conflict with any of the other fairs held in this part of the state.

Diadem lodge, Knights of Pythias is one of the strongest fraternal bodies in the state and with its splendid membership behind the fair proposition, it is bound to be a success.

While most of the plans for the fair are as yet merely tentative, it is planned to have a true old-fashioned country fair, with floral hall, and liberal premiums for farm products and women's work. The K. P.'s have already begun to boost for the fair, and preliminary work will be set on foot at once.

A BUNCH OF WEATHER Of Various Sorts Seen In Lincoln Within 24 Hours.

Some of the strangest weather known in Lincoln county in a long time has been experienced in the last few days. On last Saturday it began to snow heavily, and the ground being slightly frozen "the beautiful" remained until there were four or five inches of it. Saturday night it turned bitterly cold and by Sunday morning the thermometer had dropped to four below zero. It rose to four or five above during that day, but was still very cold on Monday morning. During Monday, it began to warm up very rapidly, and by noon the mercury marked nearly 40 degrees above zero. Much of the snow melted off and it seemed that the cold snap was over for a while anyway.

The warmer spell lasted but a few hours, however. About dusk Monday evening, another cold snap blew up, and the mercury dropped rapidly being accompanied by a fine snow. At seven o'clock this morning, the thermometer registered eight degrees above zero, and the sidewalks and streets were almost as slick as glass.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and requires no internal treatment whatever? Andy Chamberlain's Liniment freely and as low quickly it gives relief. For sale by G. L. Peavy.

Five daughters, Mrs. W. R. Marrs, of Knoxville, Mrs. W. T. Brown, of Lexington, Mrs. Frank Bacon, of Kansas City Mo., Misses Bettie and Allie Anderson, of this city and Samuel Anderson, of Gallatin, Tenn. the only son, will be here to honor the happy occasion. Out of this blissful union it is a coincidence that not a single death has occurred to mar their happiness.

SOFT DRINK STAND LICENSE PUT TO \$500

New City Council Gets Busy Upon Going Into Office—Many New Pavements Proposed

Stanford's new city council formally organized last Thursday night and elected Ed Wilkinson to the vacancy caused by the removal of C. C. Gooch to Waynesburg. An interesting though friendly contest developed between the friends of Mr. Wilkinson and those of Bud Holderman, the vote standing 3 to 2 in their favor.

The new city fathers got busy right off the bat, and threw a bombshell into the ranks of some of their ardent supporters in the recent election by increasing the license of soft drink stands from \$300 to \$500 a year. This will mean a considerable addition to the city's revenues for the current year, as another place for the sale of soft drinks was opened up by J. W. Avey this month.

The Council fixed the license on pool tables at \$10 for the first table and \$5 for each subsequent table, a reduction from \$50 on the first table and \$10 on each subsequent table.

City Clerk L. R. Hughes presented an excellent report of the finances of the city for the past year. His report, which is published elsewhere in this issue, shows a balance to the city's credit in the treasury of about \$3,500. There are several outstanding warrants, however, which will bring the total down to about \$2,000, which is a pretty good beginning for the new year.

The city officials elected each year by the council were chosen at this meeting, as follows:
City Attorney—J. B. Paxton.
City Marshal—B. D. Carter.
City Treasurer—Wm. Rochester.
City Clerk—L. R. Hughes.

The members of the new council seem imbued with a desire for better things in the city and say that they intend to work hard to make both in improvements and betterments. It is "tipped" that a sweeping ordinance will be passed for the building of concrete sidewalks on both sides of Main street from one end of the city to the other. There are a number of blocks which have been neglected in the past which are in bad shape, and this new order will undoubtedly meet with popular approval if carried into effect.

Rev. H. A. H. Hendricks, for two terms superintendent of public instruction of this state, died at his home in Cincinnati last week. His body was brought to Frankfort and interred with Kentucky's illustrious dead. Thirty years ago Dr. Henderson was one of the best known and most popular men in Kentucky. His great eloquence brought calls from Masons, Odd Fellows and educational gatherings, as well from churches. He was Chaplain in Confederate army and was given the rank of Brigadier General as one of the commissioners for the exchange of prisoners. He was born in Paris, Ky., but was reared in Millersburg. He was the author of many books. He is well remembered by the older men and women of Kentucky.

FATHER OF MRS. PAXTON DIES AT LANCASTER

Alex C. Robinson Passes Away After Long and Useful Life—Well Known and Loved Here

Mr. Alexander C. Robinson, of Lancaster, died on Saturday last. Though it was known that he could not recover, the announcement of his death was a shock to, and the cause of universal sorrow among his host of friends.

Mr. Robinson was born in Garrard county January 25, 1833, and was the fifth of the nine children of the late Jacob Robinson and the last of that large family to die. Nearly 49 years ago he was married to Miss Jane Denny, and is survived by his wife and four of his five children, Mrs. J. B. Paxton, of this place, and Messrs. Jacob, Y. J. Fleece and Geo. D. Robinson, of Somerset.

Shortly after his marriage Mr. Robinson purchased a farm near Gilbert's Creek station in this county which he conducted successfully until a few years ago when he moved to Lancaster to spend his declining years.

In early life he became a member of the Christian church and for many years was one of its office-bearers and always a liberal contributor to its sentence and benevolent causes. Though a devoted adherent to the tenets of his church, he was in no wise a sectarian, but a firm believer in the universal brotherhood of man.

Mr. Robinson was held in the highest esteem by all who knew him, and was well worthy of this consideration for he was possessed of an unusual number of the elements that make the model citizen. An affectionate husband and indulgent father a kind neighbor as gentle as a child in disposition, patient; and forbearing, a follower of the Golden Rule, he was truly a lovable and a lovely man.

After funeral services at his late residence at 2 P. M. Monday he was buried in the Lancaster cemetery.

A SPLENDID ATTRACTION

Musical Favorites Make Big Hit With Stanford Audience.

Notwithstanding the very inclement weather, several inches of snow covering the ground a good crowd greeted the Musical Favorites which came to the Stanford Opera House as the fourth number of the Stanford Lyceum Club's course. And to say the attraction "made good" is but expressing it mildly. Every number the four talented artists rendered was enthusiastically applauded, while several of the numbers, particularly the work of Mr. Arthur Love simply "brought down the house."

The young men composing the Stanford Lyceum Club deserve the thanks of the community for having brought such a high-class lot of attractions to the city. Their friends who have enjoyed the four numbers of their course sincerely hope that they will at least "come out even" on the venture and they will do so if the people will patronize liberally the next number which comes on February 29th and will be four young lady musicians known as the Orchestral Entertainers.

MOTHER IN ISRAEL

Passes Away at Her Home in Eubanks After Long Illness

Mrs. L. C. Morris, one of the best known and most beloved women in the southern part of the county, passed away at her home near Eubanks on December 30, 1911. She was 77 years of age, 11 months and 15 days and had been ill for a long time. Though afflicted for many years she never murmured but bore her sufferings with Christian fortitude, always expressing her willingness to meet her Master. She leaves a broken-hearted husband and five children, Mrs. Ida B. Ambrose, of Cincinnati, L. A. Morris, of Frankfort, Ind., Mrs. Nettie M. Jacobs, of Eubanks, John C. Morris of Onward, Ind., and Eddie F. Morris, of the same place, one daughter, Ella T. having passed on before her mother on July 10, 1886. She is also survived by 13 grandchildren and nine great grandchildren, and a host of friends and loved ones who mourn that she is no more.

Mrs. Morris joined the Christian church at the age of 16 years and has been a faithful member ever since. Her funeral was conducted by her beloved pastor, Rev. R. E. Todd, who paid to her memory a most loving tribute and to her husband and children he gave words of cheer and comfort, urging them to live so as to be able to meet her that has passed on before. Song services were conducted by Rev. G. G. Thompson and children, which was of cheer and comfort to her loved ones. Interment was in the Eubanks cemetery, January 1st.

The prayer of the writer is that this long life of patience may strengthen those she left behind to a consecrated Christian life that they may meet as one unbroken family in the Great Beyond, where there is no more suffering, parting or pain. Lovingly yours

H. N. JACOBS.

FORMER LINCOLN COUNTY MAN HURT

A Gainesville, Fla., paper tells of a serious accident to a former Lincoln county man as follows: "Capt. J. J. Long, for several months employed as a conductor on the Florida Railroad, was brought to his home in this city Monday night suffering from injuries sustained in a wreck which occurred between Live Oak and Mayo Monday morning. Conductor Long was seated in the baggage car when the accident, which is attributed to a broken flange on one of the car wheels, occurred. When the car jumped the track it resulted in the spreading of the rails and several cars were turned completely over. Conductor Long was pinned under several trunks when the baggage car turned turtle, and the iron safe used for storing valuables fell upon him, dislocating the left shoulder and otherwise injuring him. Several others were hurt, but no one was killed, which is considered a miracle owing to the gravity of the situation.

MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui. Each testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

MAKES A RECORD

Jack Beazley Leading Gasoline Engine Agent in The State

J. G. Carlton, district manager for the International Harvester Company who has just moved his headquarters from Stanford to Lebanon, says that Jack Beazley, the local agent, has sold more International gasoline engines in Lincoln and his territory than any other International Agent in the state. Mr. Beazley has sold nine engines in this vicinity in the past month, and is still pushing more sales. He says that he has found his advertisement in the Interior Journal has helped him greatly in making these sales. The confidence that the people generally seem to have in the International Company to stand behind its sales, undoubtedly, has much to do with the big sales which it enjoys in Lincoln and the surrounding counties.

TEMPERANCE COLUMN

This space is engaged by the Temperance Committee of Lincoln County.

A good answer to a very familiar objection is given in the following article in one of the religious weekly papers: "You can't make people moral by law." Of course not. Neither can you make them healthy by law, but this is no argument against law. Laws are not designed to make men either moral or healthy, but to protect them in person and property, in their homes, and in all their interests. Doing this they promote morality by punishing evil doers and restraining those who would do evil. They also establish conditions favorable to morality and health.

A pure-food law may not compel a man to eat healthful food, but it prevents men selling him, under false labels, what is unhealthy. A law against cigarettes does not take away a boy's appetite for him, but it prevents men selling them to him and so protects others from the formation of the appetite. A law against saloons may not make drinking men temperate, but it creates an environment favorable to temperance.

The effect of good laws is to make it easier to do right and harder to do wrong. We have seen a statement that in a certain town in Maine the present generation of young men have never seen a saloon except as they were away from home. There are no drunkards in the place. The people have not been made sober and moral by law, but the conditions under the law have been favorable to sobriety and morality. It is so everywhere and with all good laws. A law against gambling houses protects against the formation of the gambling habit. Laws against the social evil, the sale of dangerous drugs, prize fighting and other brutal sports all create, as they are enforced, a healthful environment and atmosphere and so promote morality.

A doctor who had lived two years in a town when it was "wet", and who also had the privilege of living two years in the same town when it was "dry", said that before the saloons were voted out he had to do twice as much work and get half as much pay. "To-day" he said, "I do half as much work and get twice as much pay." Do you know the reason why? When the saloons were open many children were only half fed and half clothed, and, of course, there was much sickness and the father could not pay the doctor because he put his money in the saloon. When the saloons were voted out, the children were fed and properly clothed. Moreover, the father had money to pay his bills. It pays to vote "dry". There are those who say otherwise: but they are most undoubtedly wrong.

The reopening of saloons in Stanford would give a black eye to our splendid graded school. Now, people are sending their children to Stanford for miles in every direction. When drunk men frequent our pikes parents will not be willing to send their boys and girls as they now do.

Middlesboro has saloons and as a result there have been seventy six men killed in Bell county in the last two years.

In the last two years there have been thirty two election held in Kentucky to bring saloons back where they had been voted out and in only two cases have the liquor people succeeded, viz: Somerset and Bowling Green.

In Gallatin county, fifty two per cent of the voters signed a petition to hold an election to vote saloons back and the "drys" won by nearly 200 majority and the county has only 4,000 population.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seems a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you. We know that D. D. KIDNEY TROUBLE RELIEVED IN TWO HOURS

A Speedy Cure

I derived so much benefit from the use of Dr. Kilmer's Swamp-Root that I believe it will be most important for the public to know of its worth.

Last November I was suffering severely with kidney and bladder trouble. The burning pain was terrible. I sent to you for one trial bottle of Swamp-Root and it relieved me in about two hours. After taking the small trial bottle, could feel no more pain, so purchased one 50 cent bottle of Swamp-Root. After taking the contents have not felt one pain from the kidneys or bladder since.

You are at liberty to publish this testimonial should you wish to.

DEATH OF G. C. OVERSTREET

This lovable man and faithful worker in the Lord's vineyard passed to his reward on the 28th of December 1911, acute pneumonia of but a few days' duration doing its finished work upon a body already frail for some years past.

Decensed was the youngest and only remaining brother of William F. Overstreet whose death occurred near Stanford in 1875.

George Crumbaugh Overstreet joined the Kentucky Conference of the Methodist Church, South, in 1890 his first appointment being at Stanford, he serving the church here four years, the limit of a Methodist then, as now.

Mr. Overstreet was educated at Wesleyan college for young men at Millersburg Bourbon county, Ky., graduating from that Methodist institution in 1870 the college being the same as the one at Winchester, Ky., having been removed to the latter place a few years ago.

He had many friends throughout Kentucky and was especially popular at Stanford and in Lincoln county. He taught the language evidences of Christianity, mental and moral sciences in the institute for girls and young women at this place during his pastorate here and while the school was under the management of that popular and efficient woman, Mrs. S. C. Trueheart, of Virginia. In 1874 he was married to Miss Leticia Crauk of Virginia, an able and accomplished teacher of this school.

Mr. Overstreet is survived by his wife and an only child the latter being Miss Cornelia Overstreet the accomplished and noted pianist whose musical education was completed by four years consecutive study abroad under the most noted teachers now living.

Wanted.—Some grass for about 60 sheep. S. J. Embury, Jr.

George Petrey bought the nice little farm of 39 acres from Mrs. Nancy J. Singleton, west of Waynesburg paying \$210 for same. He will get possession at once.

Fields Bros., sold four stag steers court day to W. G. Gooch at 4 3-4c. On account of the bad weather J. B. Foster and J. H. Woods did not bring in their mules to auction at Nunnally's stable. They will bring them in on February court day however and sell them then if not disposed of privately before then.

J. D. Eads sold a pair of four-year-old horse mules to B. D. Holtz, law Monday for \$475. He then bought from Mr. Holtzelaw a pair of four-year-old horses paying him \$300 for them.

The Paris Kentuckian tells of a couple of big male deals there as follows: Two important transactions were closed this week by local men, when 49 head were disposed of at an average price of \$200 per head one being a sale by Clark & McClintock, of Paris, who sold 24 head of mare mules, from four to six years old and 16 hands high, to Asa Jewell, of Lexington, at an average price of \$200 per head, the other was made by the firm of Caywood & Thompson of North Middletown, who disposed of 25 head of mare mules four to six years old, and sixteen hands high, to G. W. Jordan, of Hawkinsville, Ga., at \$200 each. The above are about \$25 per head cheaper than the same mules would have sold for a year ago, and is attributed to the decline in the south which has had a depressing tendency on the values of cotton mules. Another condition that has contributed to the decline in mule values at this time is the scarcity and the high prices of feed, which has had the effect of keeping prospective purchasers off the market. When the season opens in the spring mules should be in demand and will likely bring fair prices but the farmer likely put off buying as long as possible. The market should open in February.

Mrs. W. P. Kincaid sold her spotted pony to W. B. Barton, of Lancaster for \$150. She received \$150 for the little beauty and he was worth every penny of it.

Coy Brothers, of Kirksville, bought the 205 acre farm of the late W. B. Walker, lying in the East Lancaster suburbs for \$92.50.

Len Teater, of North Garrard sold 10,000 pounds of tobacco to W. P. Kincaid at from 7 to 10 cents; B. F. Hudson sold 6,700 pounds at Danville from 3 1-2 to 13 1-2 cents.

V. A. Lear, Lancaster's bustling hog trade bought up and shipped from that point as many as 500 porkers in less than a week's time.

The following are a number of his purchases:

From A. Skinner 45 200 pound hogs at 5 cents; from A. S. Skinner 26 125 pound porkers at \$4.40 per hundred; from J. W. Scott 25 180 pound hogs at 5 3-4 cents; from Jesse Simpson 20 130-pound hogs at 5 cents from Hugh Christopher 6 200 lb hogs at 6 1-4 cents; from George Rich 15 130 lb hogs at \$4.90; from J. W. Scott Jr., 60 100 lb hogs at 4 1-4 cents; from Thos. Graw 30 190 lb hogs at \$5.35; from Bob Betts 4 130 lb hogs at 5 cents; from Jim Simpson 13 125 lb hogs at 5 cents; from N. T. Graw 15 120 lb hogs at \$4.35; from Smith Thompson, 9 125 lb hogs at \$4.50; from Joo. Hill 15 120 pound hogs at \$4.35; from Leslie Huffman 6 300 pound hogs at \$5.25 from Wm. ZEMO MAKES ASTONISHING ECZEMA CURES

"We Prove It."

Every day ZEMO gives relief and cures men, women and children in every town in America whose skins are on fire with torturing ECZEMA rashes and other itching, burning, scaly, and crusty skin and scalp humors.

ZEMO and ZEMO (ANTISEPTIC) SOAP, two refined preparations will give you such quick relief that you will feel like a new person.

We give you three reasons why we recommend and endorse ZEMO and Zemo Soap for all skin and scalp eruptions.

1st. They are clean, scientific preparations that give universal satisfaction and are pleasant and agreeable to use at all times.

2d. They are not experiments, but are proven cures for every form of skin or scalp affections whether on infants or grown persons.

3d. They work on a new principle. They do not glare over the surface, but they penetrate to the seat of the trouble and draw the germ life from underneath the skin and destroy it. In this way a complete cure is effected in any case of skin or scalp eruption.
